

# Technical Tour

## Big Sky to Bozeman (and back)

This tour will allow people another opportunity to ride on MT-64/Lone Mountain Trail and US 191 and see some of the challenges on these roadways. During the trip, host David Kack will provide information on the issues with the roads, including limited communications and shoulder widths, traffic volumes, etc. Once in Bozeman, people will get to see the campus of Montana State University and downtown Bozeman. There will be discussion on the bus of how the area is dealing with transportation challenges in this quickly growing region.

*2 - US 191 is wedged between the Gallatin River and Gallatin Mountain Range*

*1 - Montana State University – home to nearly 17,000 students, is situated in the southern part of Bozeman, MT*
